

Your Partner For Success

MCL-IP

COMPLETE BOUQUET OF PATENT TECHNICAL SERVICES

Patent Analysis and Valuation requires deep insight and understanding of the invention. The valuation depends on identifying the

novelty, searching through to find prior art and confirm its **validity**, identify **potential reads**; the quality of the **writing of the claims**; the breadth of perceived **future usage**; and the **coverage** of technology by the asset.

“ *Very Pleased with MCL-IP. Great Work – Clear Understanding of the invention and the novelty. Analysis report clearly established validity of our asset and identified potential infringers.* ”

Core Competencies

IT, Computing and Software
Mobile Applications
Telephony and Communications
Distributed and Cloud Computing
Data and Network Security

Make MCL-IP your partner for all your technical services.
